When Kedrick confronts the syndicate, he finds himself marked for death both by the syndicate's killers and the suspicious farmers. The cover for this ebook edition is reworked from the original magazine cover by George Rozen for *Showdown on the Hogback* (Rosen also provided covers for *The Shadow* and *Doc Savage* magazines during his long career) and was scanned from the publisher's copy of that issue of *Giant Western*. Also includes a filmography of stars, directors and screenplay writers for all the theatrical films made from the author's westerns.

Superpower Showdown Mar 13 2021 This is the inside story of the US-China trade war, how relations between these superpowers unraveled, darkening prospects for global peace and prosperity, as told by two Wall Street Journal reporters, one based in Washington, D.C., the other in Beijing, who have had more access to the decision makers in the White House and in China's Zhongnanhai leadership compound than anyone else. The trade battle between China and the U.S. didn't start with Trump and won't end with him, argue Bob Davis and Lingling Wei. The two countries have a long and fraught political and economic history which has become more contentious over the past three years—an escalation that has negatively impacted both countries' economies and the world at large—and holds the potential for even more uncertainty and disruption. How did this stand-off happen? How much are U.S. presidents and officials who haven't effectively confronted or negotiated with China to blame? What role have Chinese leaders, and U.S. business leaders who for decades acted as Beijing's lobbyists in Washington, played in driving tensions between the two countries? *Superpower Showdown* is the story of a romance gone bad. Uniquely positioned to tell the story, Davis and Wei have conducted hundreds of interviews with government and business officials in both nations over the seven years they have worked together writing for the Wall Street Journal. Analyzing

U.S.-China relations, they explain how we have reached this tipping point, and look at where we could be headed. Vivid and provocative, *Superpower Showdown* will help readers understand the context of the trade war and prepare them for what may come next.

Showdown May 27 2022 Over the course of his forty-year career, Thurgood Marshall brought down the separate-but-equal doctrine, integrated schools, and not only fought for human rights and human dignity but also made them impossible to deny in the courts and in the streets. In this galvanizing biography, award-winning author Wil Haygood uses the framework of the dramatic, contentious five-day Senate hearing to confirm Marshall as the first African-American Supreme Court justice, to weave a provocative and moving look at Marshall's life as well as at the politicians, lawyers, activists, and others who shaped—or desperately tried to stop—the civil rights movement. An authoritative account of one of the most transformative justices of the twentieth century, *Showdown* makes clear that it is impossible to overestimate Thurgood Marshall's lasting influence on the racial politics of our nation.
