Paisanos Chinos Jan 14 2021 Paisanos Chinos tracks Chinese Mexican transnational political activities in the wake of the anti-Chinese campaigns that crossed Mexico in 1931. Threatened by violence, Chinese Mexicans strengthened their ties to China—both Nationalist and Communist—as a means of safeguarding their presence. Paisanos Chinos illustrates the ways in which transpacific ties helped Chinese Mexicans make a claim to belonging in Mexico and challenge traditional notions of Mexican identity and nationhood. From celebrating the end of World War II alongside their neighbors to carrying out an

annual community pilgrimage to the Basílica de Guadalupe, Chinese Mexicans came out of the shadows to refute longstanding caricatures and integrate themselves into Mexican society.

The Clothing Drive Oct 03 2022 Computer science is all around us, at school, at home, and in the community. This book gives readers the essential tools they need to understand the computer science concept of reusing resources and knowledge. Brilliant color photographs and accessible text will engage readers and allow them to connect deeply with the concept. The computer science topic is paired with an age-appropriate curricular topic to deepen readers' learning experience and show how reusing resources and knowledge can be helpful in the real world. In this book, a class puts together a drive to reuse and share old clothing. This nonfiction title is paired with the fiction title *My Community Project* (ISBN: 9781538351703). The instructional guide on the inside front and back covers provides: Vocabulary, Background knowledge, Text-dependent questions, Whole class activities, and Independent activities.

Homework Done Right May 30 2022 Homework Done Right shows teachers how homework assignments can connect with the curriculum and how to make it applicable to their students' lives. Educators will learn how to design and implement active, creative assignments that promote useful skills like inquiry, problem solving, and critical thinking. Moving beyond the current "homework debate," this resource is split into three sections to explain the rationale for meaningful homework, how to make it relevant, and how students in different grades respond to it. Additionally, teachers will learn about: Effective homework strategies and sample assignments for all K-12 levels in numerous subject areas Do's and don'ts of homework planning Promoting parent involvement Guidance on helping students develop leadership and collaboration skills through activities such as questioning, evidence gathering, and interviewing Classroom-ready tools, including homework planning forms and other reproducibles When homework assignments are challenging and relevant, students have a new opportunity to engage with learning and will be able to succeed academically!

Israel's Impact, 1950-51 Aug 21 2021 Studies and analyzes the changes and other developments in the American Jewish community, its organizations and leadership, as it reacted to the Holocaust and the establishment of an independent state of Israel. Based on the author's first-hand reporting of events which appeared in his weekly newsletter, Cross-Section, USA, the author examines the changes in the Zionist movement, in religion, culture, news services, and the entire structure of Jewish philanthropy, as well as the United States' formulation of a Middle East policy and naval strategy in the Mediterranean at that time. Also includes descriptions of such colorful personalities as Louis Lipsky, Jacob

Blaustein, Rabbi Milton Steinberg, and Rudolf Sonneborn, among others. Intended for Jewish professionals in local federations, welfare funds and community councils, for Jewish social workers, and students of Judaic studies.'

Higher Education in the Internet Age Jul 20 2021 In this age of information literacy this vital work documents how libraries have become crucial to the success of both students and the institutions they attend.

Big Green Purse Jun 18 2021 Read Diane McEachern's posts on the Penguin Blog.

Protecting our environment is one of the biggest issues facing our planet today. But how do we solve a problem that can seem overwhelming-even hopeless? As Diane MacEachern argues in *Big Green Purse*, the best way to fight the industries that pollute the planet, thereby changing the marketplace forever, is to mobilize the most powerful consumer force in the world-women. MacEachern's message is simple but revolutionary. If women harness the "power of their purse" and intentionally shift their spending money to commodities that have the greatest environmental benefit, they can create a cleaner, greener world. Spirited and informative, this book: - targets twenty commodities-cars, cosmetics, coffee, food, paper products, appliances, cleansers, and more-where women's dollars can make a dramatic difference; - provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying, along with recommended companies they should support; - encourages women to spend wisely by explaining what's worth the premium price some green products cost, what's not, and when they shouldn't spend money at all; and - differentiates between products that are actually "green" and those that are simply marketed as "ecofriendly." Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, MacEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, *Big Green Purse* will become the "green shopping bible" for women everywhere who are asking, "What can I do?"

When Writers Drive the Workshop Sep 21 2021 In this practical, engaging book, former elementary school teacher and university professor Brian Kissel asks teachers to go back to the roots of writing workshop. What happens when students, not planned teaching points, lead writing conferences? What happens when students, not tests, determine what they learned through reflection and self-evaluation? Writing instruction has shifted in recent years to more accountability, taking the focus away from the writer. This book explores what happens when empowered writers direct the writing workshop. Through stories from real classrooms, Brian reveals that no matter where children come from, they all have the powerful, shared need to be heard. And when children choose their writing topics, their lives unfold onto the page and teachers are educated by the young voices and bold choices of these writers. Written in an engaging, teacher-to-teacher style, this book focuses on four key components of writing workshop, with an eye on what happens when teachers step back and allow students to drive the instruction: Conferencing sessions where students lead and teachers listen Author's Chair where students set the agenda and ask for feedback Reflection time and structures for students to set goals and expectations for themselves Mini-lessons that allow for detours based on students' needs, not teacher or curricular goals Each of the chapters includes practical ideas, a section of Guiding Beliefs, a list of Frequently Asked Questions, and some Digital Diversions to help teachers see the digital possibilities in their

classrooms.

Marketing Your Library Sep 09 2020 Concise, how-to case studies from practicing public, school, academic, and special librarians provide proven strategies to improve brand management, campaign organization, community outreach, media interaction, social media, and event planning and implementation. Intended for the novice and the old hand, individuals and large staffs, this valuable guide provides librarians with the effective marketing tools necessary to help their libraries thrive in these challenging times.

Experiential Learning in Higher Education Mar 16 2021 This edited volume focuses on best practices in experiential learning. Chapters address service-learning, community-based research, international efforts and other experiential methods, highlighting innovative approaches, successes, and issues of concern. Further, the book also demonstrates the interdisciplinary nature of experiential education, with authors hailing from psychology, sociology, education, social work, nursing, business and more. This timely and thorough volume will be useful to educators who are already involved in experiential education as well as those who are interested in the pedagogy and practice.

The Cuts That Cure Mar 28 2022 From its attention-grabbing first sentence, *The Cuts that Cure* is a truly extraordinary novel as Arthur Herbert- a surgeon himself- shows why he is one of the most exciting new voices in the suspense genre. "A tale of intrigue and suspense, with a villain that will keep you awake. A page turner you don't want to miss!" —NYT Bestseller Nick Russell Alex Brantley is a surgeon whose desperation to start a new life outside of medicine leads him to settle in a sleepy Texas town close to the Mexican border, a town that has a dark side. Its secrets and his own past catch up with him as traits he thought he'd buried in the deserts on the frontiers of the border rise up again to haunt him.

To the citizens of Three Rivers, Henry Wallis appears to be a normal Texas teenager: a lean, quiet kid from a good family whose life seems to center around running cross-country, his first girlfriend, and Friday night football. That Henry is a cultivated illusion, however, a disguise he wears to conceal his demons. Both meticulous and brutally cruel, he manages to hide his sadistic indulgences from the world, but with that success, his impulses grow stronger until one day when a vagrant is found murdered. When Alex and Henry's paths cross, it starts a domino effect which leads to mangled lives and chilling choices made in the shadows along la frontera, where everything is negotiable. A “dark and deeply chilling novel” with “memorable characters and vivid descriptions.” —Joel Shulkin, MD, author of *Adverse Effects*

Supporting Adolescents with Autism in Secondary Schools Jun 30 2022 "The book discusses the Center on Secondary Education for Students with Autism (CSESA), which is designed to support all students with autism in high school, and the breadth of the learning needs for those autistic students is broad. For many of these students, four domains of emphasis are important: Transition and Families, Academics, Peer and Social Competence, and Personal Independence and Behavior. The CSESA program consists of specific component interventions and practices that address each of these domains, which are highlighted in the book chapters"--
