International Conference on Humanity and Social Science (ICHSS 2014) 2014 The conference will be held in Guangzhou, China during June 29-30, 2014. The aim objective of ichss2014 is to present the latest research and results related to Humanity and Social Science topics. This conference provides opportunities for the different areas delegates to exchange new ideas and application experiences face to face, to establish business or research relationships and partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up to date scientific field. ichss2014 is supposed to be the largest technical event on Humanity and Social Science in 2014. The focus of the conference is to establish an effective platform for institutions and industries to share ideas and to present the works of scientists, engineers, educators and students from all over the world. The committee of conference is pleased to invite prospective authors to submit their original manuscripts to ichss2014. As preparation for ICSS2014, hundreds of contributions were received and reviewed. Most of these contributions were found to be a possible solution to our problems; some of them can even be called as a breakthrough. All these researches have been included in this book. I believe it will be of great value to your future study.

International Conference on Education and Management Science (ICEMS 2014) 2014 International Conference on Education and Management Science (ICEMS2014) will be held in Beijing, China on August 19-20, 2014. The main purpose of this conference is to provide a common forum for researchers, scientists, and students from all over the world to present their recent findings, ideas, developments and application in the border areas of Education and Management Science. It will also report progress and development of methodologies, technologies, planning and implementation, tools and standards in information systems. Education is an internal topic. It is a process of delivering knowledge in a way that is hard to define the actual definition of education. But it is the key point for our society to step forward. Management science is the discipline that adapts the scientific approach for problem solving to help managers make the best use of management science is to recommend the course of action that is expected to yield the best outcome with what is available.
