**(White)Washing Our Sins Away** Aug 28 2019 What if simply changing musical styles could resurrect social power and religious vitality? By the early 1990s, Christianity was losing ground nationally, and mainline Protestants were trending even whiter and older than America's overall demographic trajectory. The churches knew they needed to diversify. Yet, many mainline churches focused their energies on the so-called Worship Wars, intense aesthetic and theological controversies running through much of White Christian America. Historically, churches had only supported one musical style; now, many mainline Protestant congregations were willing to risk internal schism to support both Contemporary worship—centered around guitars, praise bands, and choruses—and Traditional worship with its pipe organs, chancel choirs, and hymns. Surely, they thought, musical diversity would broadcast tolerance and bring in new members—perhaps it would even help them regain their historically central role in American society. Based on years

of ethnographic research, *(White)Washing Our Sins Away* explores how American mainline Protestants used internal musical controversies to negotiate their shifting position within the nation's diversifying religious and sociopolitical ecosystems.

**Making a Good Church Great** Oct 11 2020 Bestselling author Steve Sjogren untangles the complex jumble commonly known as greatness in today's megachurch, mega-everything world. As a successful pastor, he launched the servant evangelism movement, but along the way he discovered that significance was not where or what he thought it would be. Now, in a very practical book, he focuses on genuine greatness. Is it the size of the sanctuary? The number of new believers baptized each year? The youth attendance? The quantity of bestselling books the pastor has written? The list of television shows, radio shows, or podcasts the pastors appears on? Or is it something more? What is the buzz on good churches that become great in God's eyes? Sjogren argues that greatness is not a point at which you arrive; rather, it is an ongoing process of worshipping, serving, and living in God's presence. It not a slick program; rather, it is a family, a hospital, an army, and a school. When God is present, his people are empowered. When God empowers his people, a good church becomes great.

**Worship Leaders, We Are Not Rock Stars** Mar 28 2022 Why do you lead worship? Often the motives are mixed. You find yourself wanting to point people to Jesus but also feeling a desire to be noticed and praised, to make yourself the center of attention. Stephen Miller is the worship pastor for a large church of young, energetic Christians. He and his band record albums and lead worship for conferences all over the country. He knows the temptation to make himself the show, to pursue fame, to seek the applause of other people. And he has learned to want nothing to do with it. In this book, Miller exhorts his fellow worship leaders to make Jesus the center of all their efforts. He teaches how to do this with Scripture, teaching, prayer, story, and song. In all, Miller's call for worship leaders is to lead worship, whole-hearted and whole-minded exalting of God, rather than making a spectacle out of it. **Worship Leaders, We're Not Rock Stars** will encourage and challenge worship leaders by clarifying their purpose and identity, and by doing so will bless those they lead.

**Ethics and Christian Musicking** Jun 26 2019 The relationship between musical activity and ethical significance occupies long traditions of thought and reflection both within Christianity and beyond. From concerns regarding music and the passions in early Christian writings through to moral panics regarding rock music in the 20th century, Christians have often gravitated to the view that music can become morally weighted, building a range of normative practices and prescriptions upon particular modes of ethical judgment. But how should we think about ethics and Christian musical activity in the contemporary world? As studies of Christian musicking have moved to incorporate the experiences, agencies, and relationships of congregations, ethical questions have become implicit in new ways in a range of recent research - how do communities negotiate questions of value in music? How are processes of encounter with a variety of different others negotiated through musical activity? What responsibilities arise within musical communities? This volume seeks to expand this conversation. Divided into four sections, the book covers the relationship of Christian musicking to the body; responsibilities and values; identity and encounter; and notions of the self. The result is a wide-ranging perspective on music as an ethical practice, particularly as it relates to contemporary religious and spiritual communities. This collection is an important milestone at the intersection of ethnomusicology, musicology, religious studies and theology. It will be a vital reference for scholars and practitioners reflecting on the values and practices of worshipping communities in the contemporary world.

**Undivided Heart** Jan 02 2020 A new, fresh approach to lovely songs, combining all the elements for you to use and perform with at your fingertips. Scores laid out by an engineer combined with a music note writing program made for a perfect combination of usability by professional and casual musicians, as well as those wanting to learn new material. This book can be used to teach a class on writing your own songs, as well as teaching and learning, piano, guitar, violin, flute, or singing. These harmony and scores are laid out with chords written and diagrams to observe and emulate while playing the pieces. The songs and lyrics have often been inspired by a verse in the Bible, as well as real life situations and emotions. The faith building, learning, and seeking in these songs is inspiring. For use in private devotions, teaching classes, or in a devotional or Ted talk, these inspirations are for everyone regardless of race, religion, political views, personalities, or musical styles. Songs that can be customized and added to with your own personality and

musical creations create a fuller experience. Add new harmony to the existing songs and enjoy the learning. Talk about the verses or themes these songs are telling. This is the "Behind the Scenes" look at the songs. "Mi Corazon" show the love for family, faith, and work. Put your own children in the song or someone you love. "Mi Corazon", my heart is in Spanish as Leah is from Spain, France, and England. "Tenor mon Coeur", hold my heart sung in French, is a joy to her French roots. Add in your language in these sections. "Undivided Heart" is available in many languages around the world, as we all have a common thread in life, love, faith, and family. In "No Extra Dues" it talks about how regardless of your religion, the price has all been paid. There is nothing we can do to earn it, or nothing we can do to lose it once we accept the free gift that God gave us through His Son, Christ's death and resurrection for us. We all share hurts, passions and struggles. So reach out to your neighbor whether they live in a fancy house, condo, or cardboard box. We all need hope for today, forgiveness, and a promise of connecting with each other and a home in heaven. It is the one thing I am absolutely sure of. Singing and playing instruments is as old as time, and as new as a relevant twist on the music. Psalms were words set to music in the Old Testament and express an adoration for God as our Father, and trust that He is always with us in good and hard times. "Little Foxes" talks of the things that can destroy young love. The things that "spoil the vines." Now Leah Michelle loves little red foxes, and recently filmed some out in the Channel Islands. Music videos watch out. However, there are many things that can destroy our relationships. Being intentional to protect, develop, and enjoy your love of your life, your family, or a close friend takes time and thought. Things we say, read, and sing about can and do influence our actions and emotions. Regardless of your past, start today with truth, kindness for yourself and others. This music book along with the album, "Undivided Heart" will start you on an adventure and journey that is endless with possibilities, love, and hope.

**Meaning-Making in the Contemporary Congregational Song Genre**

Apr 04 2020 This book analyses the most sung contemporary congregational songs (CCS) as a global music genre. Utilising a three-part music semiology, this research engages with producers, musical texts, and audiences/congregations to better understand contemporary worship for the modern church and individual Christians. Christian Copyright Licensing International data plays a key role in identifying the most sung CCS, while YouTube mediations of these songs and their associated data provide the primary texts for analysis. Producers and the production milieu are explored through interviews with some of the highest profile worship leaders/songwriters including Ben Fielding, Darlene Zschech, Matt Redman, and Tim Hughes, as well as other music industry veterans. Finally, National Church Life Survey data and a specialized survey provide insight into individual Christians' engagement with CCS. Daniel Thornton shows how these perspectives taken together provide unique insight into the current global CCS genre, and into its possible futures.

**Shaping Worship - 70 Devotions for Worship Leaders and Teams (eBook)** Mar 16 2021 You are a worship leader. Whether you're holding a microphone, playing a keyboard, strumming a guitar, or running a sound system, the example you set can either lead people toward worship or away from it. The question isn't whether you will lead people; it's where you will lead them. Shaping worship works two ways. We shape it. It shapes us. This book includes 70 devotions for worship

leaders, worship bands, choirs, and worshippers. It will teach you ten shapes of worship, the descriptions of the kind of worshipper and worship leader that our Lord desires for you to be. This book is written to be used along with the band or choir when you meet each week for practice. Teams that read and study these materials together, such as choirs or bands, can take turns to read, answer questions, and pray each week. It's an ideal companion for your weekly worship practice.

**Joy to the World - Guitar Edition** Sep 21 2021 (Worship Band Play-Along). The Worship Band Play-Along series is a flexible and innovative tool for worship leaders and bands. The eight songs in each volume follow a similar theme for easy set selection, and the straight-forward arrangements are perfect for bands of any level. The CDs are playable on any CD player, and also enhanced so Mac and PC users can adjust the recording to any tempo without changing pitch to learn the songs at their own pace. Volume 5 includes: Angels We Have Heard on High \* Away in a Manger \* Hark! the Herald Angels Sing \* Joy to the World \* O Come, All Ye Faithful (Adeste Fideles) \* O Come, O Come, Emmanuel \* Silent Night \* What Child Is This?
