**The Who Was? History of the World Sep 05 2020 Based on The New York Times Best-Selling series, this timeline of world history gives a fresh take on global events, from King Tut to Malala Yousafzai. For the first time ever, the Who Was? subjects are gathered into a single title! The Who Was? History of the World is a journey along the timeline of history, noting the birthdays of 150 people in the series and what was happening in the world at that moment in time. Follow the timeline to learn who was doing what when, from the days of ancient Egypt, all the way up to the present.**

**The Tools of Metaphysics and the Metaphysics of Science Sep 25 2019**

***Metaphysics has shifted ground, moving away from necessity and possibility as the lens through which we look at things. Ted Sider shapes the agenda for the subject by exploring how this shift transforms the project of understanding the objects, properties, and quantities of the universe, and the relations between them, in terms of structures.***

***100 Snowmen Jun 26 2022 A growing number of snowmen engage in whimsical, playful antics while inviting young children to practice their counting skills up to one hundred.***

***Weight of the World May 02 2020 Zack lost his job, his apartment, and his hope, which is why he ends up on the roof of a high rise, certain that one final step will solve his problems. But a mysterious stranger named Rob happens to be on the roof that night too. He talks Zack down, convincing him there's still hope left in the world. Zack thinks maybe he's right, which is why he's shocked when he turns on the news the next morning to find out Rob jumped himself. Disturbed and confused, he searches for answers, starting with Rob's brother Tommy Rayburn. It's been Tommy's job to take care of his brother since they were kids, taking the blows from their father so Rob wouldn't have to. Tommy thought he could protect him, even if it meant carrying the weight of the world on his shoulders. Considering Rob threw himself off a building, he obviously couldn't. Then he meets Zack, a friend of Rob's who's suspiciously evasive about how they knew each other. But they're both grieving and determined to find out why Rob jumped. Answers don't come easily, and soon they're soothing each other with sweat-slicked, passionate encounters. Hot as things get in the bedroom, it***

**doesn't take them long to realize there's more between them than mind-blowing sex and their pain. But the heaviness is still there, threatening to pull them under, and if they can't open up with each other to lighten the load, the weight just might be enough to crush them both.**

**The World Dec 29 2019 The New York Times Bestseller “A superb introduction to the world and global issues. Richard Haass has written something that is brief, readable, and yet comprehensive—marked throughout by his trademark intelligence and common sense.” —Fareed Zakaria An invaluable primer from Richard Haass, president of the Council on Foreign Relations, that will help anyone, expert and non-expert alike, navigate a time in which many of our biggest challenges come from the world beyond our borders. We live in a global era, in which what happens thousands of miles away often affects our lives. Although the United States is bordered by two oceans, those oceans are not moats. And the so-called Vegas rule—what happens there stays there—does not apply. Globalization can be both good and bad, but it is not something that individuals or countries can opt out of. The choice we face is how to respond. The World focuses on history, what makes each region of the world tick, the many challenges globalization presents, and the most influential countries, events, and ideas, to provide readers with the background they need to make sense of this complicated and interconnected world.**

**Habitats of the World Jul 04 2020 Habitats of Australasia (Australia, NZ and New Guinea) -- Habitats of the Neotropics (Central and South America) -- Habitats of the Afrotropics (SSaharan Africa) -- Habitats of the Palearctic (Europe, North Asia and North Africa) -- Habitats of the Nearctic (North America).**

**When We Cease to Understand the World Oct 26 2019 One of The New York Times Book Review's 10 Best Books of 2021 Shortlisted for the 2021 International Booker Prize and the 2021 National Book Award for Translated Literature A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. When We Cease to Understand the World is a book about the complicated links between scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of unparalleled genius, alienate friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our notions of the possible.**

**All the World Oct 07 2020 This simple, profound, Caldecott Honor story is now available as a Classic Board Book. All the world is here. It is there. It is everywhere. All the world is right where you are. Now. Following a circle of family and friends through the course of a day from morning until night, this book affirms the importance of all things great and small in our world, from the tiniest shell on the beach, to the warmth of family connections, to the widest sunset sky. Now available as a Classic Board Book, this Caldecott Honor picture book written by Liz Garton Scanlon and illustrated by Marla Frazee is perfect for the youngest of readers.**

**Reflections on the History of Art Apr 24 2022 Essays discuss Greek and Chinese art, Da Vinci, Michelangelo, Dutch genre painting, Rubens, Rembrandt, art collecting, museums, and Freud's aesthetics**

**The Mushroom at the End of the World Jan 10 2021 What a rare mushroom can teach us about sustaining life on a fragile planet Matsutake is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, matsutake helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, matsutake offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in the ruins we have made? A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction. By investigating one of the world's most sought-after fungi, *The Mushroom at the End of the World* presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.**

**Frogs and Toads of the World Jun 14 2021 Describes the origins, classification, size and shape, colors, enemies, food, reproduction, life-cycle, and habitat of frogs and toads from around the world.**

**Lord of the World May 14 2021 The novel's protagonist is a British Roman Catholic priest, Father Percy Franklin, who looks identical to the mysterious U.S. Senator Julian Felsenburgh of Vermont. The senator appears as a lone and dramatic figure promising world peace in return for blind obedience. No one quite knows who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the Pope, vow to die in the name of the faith.**

**Between the World and Me Aug 24 2019 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE**

**DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE  
• NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times  
Book Review • O: The Oprah Magazine • The Washington Post • People •  
Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle •  
Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly** In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

*A Map of the World* Aug 29 2022 Pen/Hemingway Award-winning novelist Jane Hamilton follows up her first success, *The Book Of Ruth*, with this spectacularly haunting drama about a rural American family and a disastrous event that forever changes their lives. The Goodwins, Howard, Alice, and their little girls, Emma and Claire, live on a dairy farm in Wisconsin. Although suspiciously regarded by their neighbors as "that hippie couple" because of their well-educated, urban background, Howard and Alice believe they have found a source of emotional strength in the farm, he tending the barn while Alice works as a nurse in the local elementary school. But their peaceful life is shattered one day when a neighbor's two-year-old daughter drowns in the Goodwins' pond while under Alice's care. Tormented by the accident, Alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school. Soon, Alice is arrested, incarcerated, and as good as convicted in the eyes of a suspicious community. As a child, Alice designed her own map of the world to find her bearings. Now, as an adult, she must find her way again, through a maze of lies, doubt and ill will. A vivid human drama of guilt and betrayal, *A Map of the World* chronicles the intricate geographies of the human heart and all its mysterious, uncharted terrain. The result is a piercing drama about family bonds and a disappearing rural American life.

*National Geographic Visual History of the World* Oct 19 2021 Looks at the important events and figures in world history, from 4000 B.C. to the present day. *A Drop Around the World* Jan 22 2022 A drop of rain is a drop of life--a drop of eternity. Barbara Shaw McKinney and illustrator Michael Maydak take us on an "out of sight" journey from Maine to Mumbai, with just one raindrop as it touches plant, animal, and human life all around the world. Traveling with *Drop*, readers will see the world, inside and out, from solid, liquid, and vaporous

viewpoint. Full color.

***A World in Disarray Jun 22 2019 "A valuable primer on foreign policy: a primer that concerned citizens of all political persuasions—not to mention the president and his advisers—could benefit from reading." —The New York Times An examination of a world increasingly defined by disorder and a United States unable to shape the world in its image, from the president of the Council on Foreign Relations Things fall apart; the center cannot hold. The rules, policies, and institutions that have guided the world since World War II have largely run their course. Respect for sovereignty alone cannot uphold order in an age defined by global challenges from terrorism and the spread of nuclear weapons to climate change and cyberspace. Meanwhile, great power rivalry is returning. Weak states pose problems just as confounding as strong ones. The United States remains the world's strongest country, but American foreign policy has at times made matters worse, both by what the U.S. has done and by what it has failed to do. The Middle East is in chaos, Asia is threatened by China's rise and a reckless North Korea, and Europe, for decades the world's most stable region, is now anything but. As Richard Haass explains, the election of Donald Trump and the unexpected vote for "Brexit" signals that many in modern democracies reject important aspects of globalization, including borders open to trade and immigrants. In A World in Disarray, Haass argues for an updated global operating system—call it world order 2.0—that reflects the reality that power is widely distributed and that borders count for less. One critical element of this adjustment will be adopting a new approach to sovereignty, one that embraces its obligations and responsibilities as well as its rights and protections. Haass also details how the U.S. should act towards China and Russia, as well as in Asia, Europe, and the Middle East. He suggests, too, what the country should do to address its dysfunctional politics, mounting debt, and the lack of agreement on the nature of its relationship with the world. A World in Disarray is a wise examination, one rich in history, of the current world, along with how we got here and what needs doing. Haass shows that the world cannot have stability or prosperity without the United States, but that the United States cannot be a force for global stability and prosperity without its politicians and citizens reaching a new understanding.***

***The Sound Book: The Science of the Sonic Wonders of the World Aug 17 2021 "A lucid and passionate case for a more mindful way of listening. . . . Anyone who has ever clapped, hollered or yodeled at an echo will delight in [Cox's] zestful curiosity." —New York Times Trevor Cox is on a hunt for the sonic wonders of the world. A renowned expert who engineers classrooms and concert halls, Cox has made a career of eradicating bizarre and unwanted sounds. But after an epiphany in the London sewers, Cox now revels in exotic noises—creaking glaciers, whispering galleries, stalactite organs, musical roads, humming dunes, seals that sound like alien angels, and a Mayan pyramid that chirps like a bird. With forays into archaeology, neuroscience, biology, and design, Cox explains how sound is made and altered by the environment, how our body reacts to peculiar noises, and how these mysterious wonders illuminate sound's surprising dynamics in everyday settings—from your bedroom to the opera house. The Sound Book encourages us to become better listeners in a world dominated by the visual and to open our ears to the glorious cacophony all around us.***

***Guinness Book of World Records, 1979 Feb 08 2021***

***News of the World Mar 24 2022 Soon to be a Major Motion Picture National***

**Book Award Finalist—Fiction** *In the aftermath of the Civil War, an aging itinerant news reader agrees to transport a young captive of the Kiowa back to her people in this exquisitely rendered, morally complex, multilayered novel of historical fiction from the author of Enemy Women that explores the boundaries of family, responsibility, honor, and trust. In the wake of the Civil War, Captain Jefferson Kyle Kidd travels through northern Texas, giving live readings from newspapers to paying audiences hungry for news of the world. An elderly widower who has lived through three wars and fought in two of them, the captain enjoys his rootless, solitary existence. In Wichita Falls, he is offered a \$50 gold piece to deliver a young orphan to her relatives in San Antonio. Four years earlier, a band of Kiowa raiders killed Johanna's parents and sister; sparing the little girl, they raised her as one of their own. Recently rescued by the U.S. army, the ten-year-old has once again been torn away from the only home she knows. Their 400-mile journey south through unsettled territory and unforgiving terrain proves difficult and at times dangerous. Johanna has forgotten the English language, tries to escape at every opportunity, throws away her shoes, and refuses to act "civilized." Yet as the miles pass, the two lonely survivors tentatively begin to trust each other, forming a bond that marks the difference between life and death in this treacherous land. Arriving in San Antonio, the reunion is neither happy nor welcome. The captain must hand Johanna over to an aunt and uncle she does not remember—strangers who regard her as an unwanted burden. A respectable man, Captain Kidd is faced with a terrible choice: abandon the girl to her fate or become—in the eyes of the law—a kidnapper himself.*

**The Heart of the World Jun 02 2020** *The myth of Shangri-la originates in Tibetan Buddhist beliefs in beyul, or hidden lands, sacred sanctuaries that reveal themselves to devout pilgrims and in times of crisis. The more remote and inaccessible the beyul, the vaster its reputed qualities. Ancient Tibetan prophecies declare that the greatest of all hidden lands lies at the heart of the forbidding Tsangpo Gorge, deep in the Himalayas and veiled by a colossal waterfall. Nineteenth-century accounts of this fabled waterfall inspired a series of ill-fated European expeditions that ended prematurely in 1925 when the intrepid British plant collector Frank Kingdon-Ward penetrated all but a five-mile section of the Tsangpo's innermost gorge and declared that the falls were no more than a "religious myth" and a "romance of geography." The heart of the Tsangpo Gorge remained a blank spot on the map of world exploration until world-class climber and Buddhist scholar Ian Baker delved into the legends. Whatever cryptic Tibetan scrolls or past explorers had said about the Tsangpo's innermost gorge, Baker determined, could be verified only by exploring the uncharted five-mile gap. After several years of encountering sheer cliffs, maelstroms of impassable white water, and dense leech-infested jungles, on the last of a series of extraordinary expeditions, Baker and his National Geographic-sponsored team reached the depths of the Tsangpo Gorge. They made news worldwide by finding there a 108-foot-high waterfall, the legendary grail of Western explorers and Tibetan seekers alike. The Heart of the World is one of the most captivating stories of exploration and discovery in recent memory—an extraordinary journey to one of the wildest and most inaccessible places on earth and a pilgrimage to the heart of the Tibetan Buddhist faith.*

**The World at Night Dec 09 2020** *See the full beauty of our night sky revealed as never before in over 200 photographs from around the world. Bringing together*

**the images of over 40 photographers across 25 countries, be astounded by the lights of the night sky in some of the darkest places on earth; discover the beauty of galaxies, planets, and stars; view great celestial events; and see some of the world's most important landmarks against the backdrop of an incredible nightscape. **Secrets of the World's Worst Matchmaker Aug 05 2020 Colton is Juno's best friend. He'd usually be the one she goes to for advice on what do you do when you fall in love with your best Imagine you're a matchmaker and you realize too late you're in love with your childhood best friend. You only have yourself to blame—you're the one who matched him and now he's engaged to be married. When you find yourself in this position there's a few secrets you're going to need to keep... Secret #1 - Smile when he tells you the happy news, even if your heart cracks in half. Secret #2 - Don't compare yourself to his beautiful French fiancée. You're just as beautiful. Secret #3 - Don't tag along to the tux fitting with him alone. Just no. Secret #4 - Don't help him learn to dance to his wedding song. Secret #5 - Erase all memories of the two of you through the years when lines blurred for even the briefest of moments. And the one you never saw coming... Secret #6 - Definitely, don't stand and object—someone else might just do it for you.**

**A Piece of the World Sep 17 2021 INSTANT NEW YORK TIMES BESTSELLER "A must-read for anyone who loves history and art." --Kristin Hannah From the #1 New York Times bestselling author of the smash bestseller Orphan Train, a stunning and atmospheric novel of friendship, passion, and art, inspired by Andrew Wyeth's mysterious and iconic painting Christina's World. "Later he told me that he'd been afraid to show me the painting. He thought I wouldn't like the way he portrayed me: dragging myself across the field, fingers clutching dirt, my legs twisted behind. The arid moonscape of wheatgrass and timothy. That dilapidated house in the distance, looming up like a secret that won't stay hidden." To Christina Olson, the entire world was her family's remote farm in the small coastal town of Cushing, Maine. Born in the home her family had lived in for generations, and increasingly incapacitated by illness, Christina seemed destined for a small life. Instead, for more than twenty years, she was host and inspiration for the artist Andrew Wyeth, and became the subject of one of the best known American paintings of the twentieth century. As she did in her beloved smash bestseller Orphan Train, Christina Baker Kline interweaves fact and fiction in a powerful novel that illuminates a little-known part of America's history. Bringing into focus the flesh-and-blood woman behind the portrait, she vividly imagines the life of a woman with a complicated relationship to her family and her past, and a special bond with one of our greatest modern artists. Told in**

*evocative and lucid prose, A Piece of the World is a story about the burdens and blessings of family history, and how artist and muse can come together to forge a new and timeless legacy.*

***Little Kids First Big Book of the World Dec 21 2021*** This charming reference introduces young readers to the wider world by exploring languages, landscapes, weather, animals, capital cities, mountains, deserts, and other landscapes and landforms, and more. It encourages kids to get play with activities such as creating a mini-rainforest in a bottle and singing a simple song in Spanish. More than 100 colorful photos are paired with kid-friendly and age-appropriate maps along with basic facts about each continent. This book will quickly become a favorite at storytime, bedtime, or any other time.

***The World Is Flat [Further Updated and Expanded; Release 3.0] Mar 12 2021*** This new edition of Friedman's landmark book explains the flattening of the world better than ever- and takes a new measure of the effects of this change on each of us.

***The Way of the World Nov 19 2021*** From Pulitzer Prize-winning journalist and bestselling author Ron Suskind comes a startling look at how America and the West lost their way, and at the struggles of their respective governments to reclaim the moral authority on which their survival depends. From the White House to Downing Street, and from the fault-line countries of South Asia to the sands of Guantanamo, Suskind offers an astonishing story that connects world leaders to the forces waging today's shadow wars and to the next generation of global citizens. Tracking down truth and hope, Suskind delivers historic disclosures with this emotionally stirring and strikingly original portrait of the post 9-11 world.

***Enemy of the World Feb 20 2022*** Sungchul Kim, the man who reached the pinnacle of physical strength. Wielding the divine hammer, Fal Garaz, he goes on a quest to defeat the Demon King and put an end to the Calamities. However, having almost reached the end of his quest, he hits a wall which cannot be overcome by pure force. Resolved to do anything to accomplish his goal, he hides his identity and returns to the place where everything began all those years ago. To start anew on the path of Magic for the sake of a promise. His dismal past, his difficult present, and his desperate future constantly weighs on his mind. His name inspires dread in all, and even those saved by his hands wish him death. For he is- The Enemy of the World.

***A Play for the End of the World Jan 28 2020*** A dazzling novel—set in early 1970's New York and rural India—the story of a turbulent, unlikely romance, a harrowing account of the lasting horrors of World War II, and a searing examination of one man's search for forgiveness and acceptance. “Looks deeply at the echoes and overlaps among art, resistance, love, and history ... an impressive debut.” —Meg Wolitzer, best-selling author of *The Female Persuasion* New York City, 1972. Jaryk Smith, a survivor of the Warsaw Ghetto, and Lucy Gardner, a southerner, newly arrived in the city, are in the first bloom of love when they receive word that Jaryk's oldest friend has died under mysterious circumstances in a rural village in eastern India. Travelling there alone to collect his friend's ashes, Jaryk soon finds himself enmeshed in the chaos of local politics and efforts to stage a play in protest against the government—the same play that he performed as a child in Warsaw as an act of resistance against the Nazis. Torn between the survivor's guilt he has carried for decades and his feelings for Lucy (who, unbeknownst to him, is pregnant with his child), Jaryk

*must decide how to honor both the past and the present, and how to accept a happiness he is not sure he deserves. An unforgettable love story, a provocative exploration of the role of art in times of political upheaval, and a deeply moving reminder of the power of the past to shape the present, A Play for the End of the World is a remarkable debut from an exciting new voice in fiction.*

*The World Book Encyclopedia Oct 31 2022 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.*

*The End of the World is Just the Beginning Jul 16 2021 A New York Times Bestseller! 2019 was the last great year for the world economy. For generations, everything has been getting faster, better, and cheaper. Finally, we reached the point that almost anything you could ever want could be sent to your home within days - even hours - of when you decided you wanted it. America made that happen, but now America has lost interest in keeping it going. Globe-spanning supply chains are only possible with the protection of the U.S. Navy. The American dollar underpins internationalized energy and financial markets. Complex, innovative industries were created to satisfy American consumers. American security policy forced warring nations to lay down their arms. Billions of people have been fed and educated as the American-led trade system spread across the globe. All of this was artificial. All this was temporary. All this is ending. In The End of the World is Just the Beginning, author and geopolitical strategist Peter Zeihan maps out the next world: a world where countries or regions will have no choice but to make their own goods, grow their own food, secure their own energy, fight their own battles, and do it all with populations that are both shrinking and aging. The list of countries that make it all work is smaller than you think. Which means everything about our interconnected world - from how we manufacture products, to how we grow food, to how we keep the lights on, to how we shuttle stuff about, to how we pay for it all - is about to change. A world ending. A world beginning. Zeihan brings readers along for an illuminating (and a bit terrifying) ride packed with foresight, wit, and his trademark irreverence.*

*The Ends of the World Apr 12 2021 One of Vox's Most Important Books of the Decade New York Times Editors' Choice 2017 Forbes Top 10 Best Environment, Climate, and Conservation Book of 2017 As new groundbreaking research suggests that climate change played a major role in the most extreme catastrophes in the planet's history, award-winning science journalist Peter Brannen takes us on a wild ride through the planet's five mass extinctions and, in the process, offers us a glimpse of our increasingly dangerous future Our world has ended five times: it has been broiled, frozen, poison-gassed, smothered, and pelted by asteroids. In The Ends of the World, Peter Brannen dives into deep time, exploring Earth's past dead ends, and in the process, offers us a glimpse of our possible future. Many scientists now believe that the climate shifts of the twenty-first century have analogs in these five extinctions. Using the visible clues these devastations have left behind in the fossil record, The Ends of the World takes us inside "scenes of the crime," from South Africa to the New York Palisades, to tell the story of each extinction. Brannen examines the fossil record—which is rife with creatures like dragonflies the size of sea gulls and guillotine-mouthed fish—and introduces us to the researchers on the front lines who, using the forensic tools of modern science, are piecing together what really happened at the crime scenes of the Earth's biggest whodunits. Part road trip, part history, and part cautionary tale, The Ends of the World takes us on a tour*

**of the ways that our planet has clawed itself back from the grave, and casts our future in a completely new light.**

***All the Seas of the World* Mar 31 2020 Returning triumphantly to the brilliantly evoked near-Renaissance world of *A Brightness Long Ago* and *Children of Earth and Sky*, international bestselling author Guy Gavriel Kay deploys his signature 'quarter turn to the fantastic' to tell a story of vengeance, power, and love. On a dark night along a lonely stretch of coast a small ship sends two people ashore. Their purpose is assassination. They have been hired by two of the most dangerous men alive to alter the balance of power in the world. If they succeed, the consequences will affect the destinies of empires, and lives both great and small. One of those arriving at that beach is a woman abducted by corsairs as a child and sold into years of servitude. Having escaped, she is trying to chart her own course—and is bent upon revenge. Another is a seafaring merchant who still remembers being exiled as a child with his family from their home, for their faith, a moment that never leaves him. In what follows, through a story both intimate and epic, unforgettable characters are immersed in the fierce and deadly struggles that define their time. *All the Seas of the World* is a page-turning drama that also offers moving reflections on memory, fate, and the random events that can shape our lives—in the past, and today.**

***The Light of the World* Nov 07 2020 A deeply resonant memoir for anyone who has loved and lost, from acclaimed poet and Pulitzer Prize finalist Elizabeth Alexander. In *The Light of the World*, Elizabeth Alexander finds herself at an existential crossroads after the sudden death of her husband. Channeling her poetic sensibilities into a rich, lucid prose, Alexander tells a love story that is, itself, a story of loss. As she reflects on the beauty of her married life, the trauma resulting from her husband's death, and the solace found in caring for her two teenage sons, Alexander universalizes a very personal quest for meaning and acceptance in the wake of loss. *The Light of the World* is at once an endlessly compelling memoir and a deeply felt meditation on the blessings of love, family, art, and community. It is also a lyrical celebration of a life well-lived and a paean to the priceless gift of human companionship. For those who have loved and lost, or for anyone who cares what matters most, *The Light of the World* is required reading.**

***Winter of the World* Feb 29 2020 "This book is truly epic. . . . The reader will probably wish there was a thousand more pages." —The Huffington Post Picking up where *Fall of Giants*, the first novel in the extraordinary Century Trilogy, left off, *Winter of the World* follows its five interrelated families—American, German, Russian, English, and Welsh—through a time of enormous social, political, and economic turmoil, beginning with the rise of the Third Reich, through the great dramas of World War II, and into the beginning of the long Cold War. Carla von Ulrich, born of German and English parents, finds her life engulfed by the Nazi tide until daring to commit a deed of great courage and heartbreak . . . . American brothers Woody and Chuck Dewar, each with a secret, take separate paths to momentous events, one in Washington, the other in the bloody jungles of the Pacific . . . . English student Lloyd Williams discovers in the crucible of the Spanish Civil War that he must fight Communism just as hard as Fascism . . . . Daisy Peshkov, a driven social climber, cares only for popularity and the fast set until war transforms her life, while her cousin Volodya carves out a position in Soviet intelligence that will affect not only this war but also the war to come.**

***The End of the World* Jul 24 2019 From the imagination of legendary animator**

***and two-time Oscar nominee Don Hertzfeldt comes a hilarious fever-dream vision of the apocalypse, now available in wide release for the first time since the rare original edition sold out. Created during sleepless nights while he worked on his animated films, The End of the World was illustrated entirely on Post-It notes over the course of several years, slowly taking shape from all the deleted scenes, bad dreams, and abandoned ideas that were too strange to make it to the big screen, including essential early material that was later developed into the animated classic World of Tomorrow. Hertzfeldt's visually striking work transcends its unusual nature and taps into the deeply human, universal themes of mortality, identity, memory, loss, and parenthood . . . with the occasional monstrous biting eel descending from the sky.***

***Words of the World Jul 28 2022 Demonstrates that the Oxford English Dictionary is an international product in both its content and its making.***
