*The Absolutely True Diary of a Part-Time Indian* Sep 02 2022 Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

**Boarding School Seasons** May 18 2021 Looks at the experiences of children at three off-reservation Indian boarding schools in the early years of the twentieth century.

*Blonde Indian* Sep 29 2019 In the spring, the bear returns to the forest, the glacier returns to its source, and the salmon returns to the fresh water where it was spawned. Drawing on the special relationship that the Native people of southeastern Alaska have always had with nature, *Blonde Indian* is a story about returning. Told in eloquent layers that blend Native stories and metaphor with social and spiritual journeys, this enchanting memoir traces the author's life from her difficult childhood growing up in the Tlingit community, through her adulthood, during which she lived for some time in Seattle and San Francisco, and eventually to her return home. Neither fully Native American nor Euro-American, Hayes encounters a unique sense of alienation from both her Native community and the dominant culture. We witness her struggles alongside other Tlingit men and women—many of whom never left their Native community but wrestle with their own challenges, including unemployment, prejudice, alcoholism, and poverty. The author's personal journey, the symbolic stories of contemporary Natives, and the tales and legends that have circulated among the Tlingit people for centuries are all woven together, making *Blonde Indian* much more than the story of one woman's life. Filled with anecdotes, descriptions, and histories that are unique to the Tlingit community, this book is a document of cultural heritage, a tribute to the Alaskan landscape, and a moving testament to how going back—in nature and in life—allows movement forward.

**Indian Basketry Artists of the Southwest** Dec 13 2020 Since then, baskets have evolved into a vast array of ritual, utilitarian, and decorative forms, still in use in Native American homes and increasingly appearing in art galleries, museums, and private collections. This volume celebrates the contemporary florescence of this ancient art form."--BOOK JACKET.

**American Indian Trickster Tales** Jan 02 2020 Of all the characters in myths and legends told around the world, it's the wily trickster who provides the real spark in the action, causing trouble wherever he goes. This figure shows up time and again in Native American folklore, where he takes many forms, from the irascible Coyote of the Southwest, to Iktomi, the amorphous spider man of the Lakota tribe. This dazzling collection of American Indian trickster tales, compiled by an eminent anthropologist and a master storyteller, serves as the perfect companion to their previous masterwork, *American Indian Myths and Legends*. *American Indian Trickster Tales* includes more than one hundred stories from sixty tribes--many recorded from living storytellers—which are illustrated with lively and evocative drawings. These entertaining tales can be read aloud and enjoyed by readers of any age, and will entrance folklorists, anthropologists, lovers of Native American literature, and fans of both Joseph Campbell and the Brothers Grimm.

**The Last Indian** Jun 06 2020 During the early part of the nineteenth century, an American statesman surveyed the vastness that was untamed America and predicted, "When the last Indian has bitten the dust then we will have a thousand years of peace." The states had won their independence not many years before and the most obvious threat to peace at the time were the wild Indians who roamed the vast wilderness to the west.

Now, the years have passed since that early prediction and the nation has gone through many threats from within and without. The 'last Indian' has either long since bitten the dust or put down his arms to become a part of the American scene. But the utopia hasn't yet arrived and its coming is nowhere in sight, for the people who look for perfection in humanity make the serious mistake of overestimating the humane quality in the human race. Freedom we have, The right to life, liberty and the pursuit of happiness we have. But, utopia? No. Frontiers of hatred have either opened up or have been renewed from olden days so that there are always those 'Indians' to be attacked before they attack you. Every minority bears the brunt of majority persecution to some extent. It runs the range from pettiness to lawlessness, It carries the label of suspicion, jealousy or sheer ignorance. If men would just stop to search their souls, they would see crystal clear through many of the glaring inequities in the logic of their civilization. People forget that every group is a minority, that the Baptists are a minority in some places, the Catholics in others, the Jews in many, and the Caucasian race is a minority in the total world population. Since we can't talk about all the minorities in the world, this story is restricted to the telling about just a few of those 'indians' who haven't yet bitten the dust of reality.

*Unearthing Indian Land* Jan 26 2022 *Unearthing Indian Land* offers a comprehensive examination of the consequences of more than a century of questionable public policies. In this book, Kristin Ruppel considers the complicated issues surrounding American Indian land ownership in the United States. Under the General Allotment Act of 1887, also known as the Dawes Act, individual Indians were issued title to land allotments while so-called 'surplus' Indian lands were opened to non-Indian settlement. During the forty-seven years that the act remained in effect, American Indians lost an estimated 90 million acres of land—about two-thirds of the land they had held in 1887. Worse, the loss of control over the land left to them has remained an ongoing and insidious result. *Unearthing Indian Land* traces the complex legacies of allotment, including numerous instructive examples of a policy gone wrong. Aside from the initial catastrophic land loss, the fractionated land ownership that resulted from the act's provisions has disrupted native families and their descendants for more than a century. With each new generation, the owners of tribal lands grow in number and therefore own ever smaller interests in parcels of land. It is not uncommon now to find reservation allotments co-owned by hundreds of individuals. Coupled with the federal government's troubled trusteeship of Indian assets, this means that Indian landowners have very little control over their own lands. Illuminated by interviews with Native American landholders, this book is essential reading for anyone who is interested in what happened as a result of the federal government's quasi-privatization of native lands.

Uneven Ground Jun 30 2022 In the early 1970s, the federal government began recognizing self-determination for American Indian nations. As sovereign entities, Indian nations have been able to establish policies concerning health care, education, religious freedom, law enforcement, gaming, and taxation. David E. Wilkins and K. Tsianina Lomawaima discuss how the political rights and sovereign status of Indian nations have variously been respected, ignored, terminated, and unilaterally modified by federal lawmakers as a result of the ambivalent political and legal status of tribes under western law.

**Standing Ground** Sep 09 2020 "The most in-depth, complex, and analytically sophisticated portrayal of Yurok spirituality ever written by an anthropologist [and] the most important ethnographic work about the Yurok in general since Kroeber's work in the early twentieth century."—Les W. Field, author of *The Grimace of Macho Ratón* "Its description of Yurok religious practice in recent times is both sympathetic and insightful, providing an interweaving series of narratives and interpretations. The author makes an eloquent case for cultural continuity."—Michael Harkin, author of *The Heiltsuks*

**Bradford's Indian Book** Aug 21 2021 "Offers a powerful revisioning of the genesis of American literary history, revealing that from its earliest moments, American literature owes its distinctive shape and texture to the determining influence of indigenous thought and culture."--Joanna Brooks, San Diego State University "Partly a close, detailed analysis of the specific text and partly a broader analysis of Native identity, literary influences, and spiritual affiliation, the book makes a sophisticated and compelling claim for the way Indian influences permeate this Puritan text."--Hilary E. Wyss, Auburn University William Bradford, a leader among the Pilgrims, carefully recorded the voyage of the Mayflower and the daily life of Plymouth Colony in a work--part journal, part history--he titled *Of Plimoth Plantation*. This remarkable document is the authoritative chronicle of the Pilgrims' experiences as well as a powerful testament to the cultural and literary exchange that existed between the newly arrived Europeans and the Native Americans who were their neighbors and friends. It is well-documented that Native Americans lived within the confines of Plymouth Colony, and for a time Bradford shared a house with Tisquantum (Squanto), a Patuxet warrior and medicine man. In Bradford's *Indian Book*, Betty Booth Donohue traces the physical, intellectual, psychological, emotional, and theological interactions between New England's Native peoples and the European newcomers as manifested in the literary record. Donohue identifies American Indian poetics and rhetorical strategies as well as Native intellectual and ceremonial traditions present in the text. She also draws on ethnohistorical scholarship, consultation with tribal intellectuals, and her own experiences to examine the ways Bradford incorporated Native American philosophy and culture into his writing. Bradford's *Indian Book* promises to reshape and re-energize our understanding of standard canonical texts, reframing them within the intellectual and cultural traditions indigenous to the continent. Written partly in the Cherokee syllabary to express pan-Indian concepts that do not translate well to English, Donohue's invigorating, provocative analysis demonstrates how indigenous oral and thought traditions have influenced American literature from the very beginning down to the present day.

**The Indian Tipi** Nov 23 2021 When the first edition of this book was published in 1957, the art of making a tipi was almost lost, even among American Indians. Since that time a tremendous resurgence of interest in the Indian way of life has occurred, resurgence due in part, at least, to the Laubins' life-long efforts at preservation and interpretation of Indian culture. As *The Indian Tipi* makes obvious, the American Indian is both a practical person and a natural artist. Indian inventions are commonly both serviceable and beautiful. Other tents are hard to pitch, hot in summer, cold in winter, poorly lighted,

unventilated, easily blown down, and ugly to boot. The conical tipi of the Plains Indian has none of these faults. It can be pitched by one person. It is roomy, well ventilated at all times, cool in summer, well lighted, proof against high winds and heavy downpours, and, with its cheerful fire inside, snug in the severest winter weather. Moreover, its tilted cone, trim smoke flaps, and crown of poles, presenting a different silhouette from every angle, form a shapely, stately dwelling even without decoration. In this new edition the Laubins have retained all the invaluable aspects of the first edition, and have added a tremendous amount of new material on day-to-day living in the tipi: the section on Indian cooking has been expanded to include a large number and range of Indian foods and recipes, as well as methods of cooking over an open fire, with a reflector oven, and with a ground oven; there are new sections on making buckskin, making moccasins, and making cradle boards; there is a whole new section on child care and general household hints. Shoshoni, Cree, and Assiniboine designs have been added to the long list of tribal tipi types discussed. This new edition is richly illustrated with color and black and white photographs, and drawings to aid in constructing and living in the tipi. It is written primarily for the interested amateur, and will appeal to anyone who likes camping, the out-of-doors, and American Indian lore.

Indian Country, God's Country Feb 01 2020 The mythology of "gifted land" is strong in the Park Service, but some of our greatest parks were "gifted" by people who had little if any choice in the matter. Places like the Grand Canyon's south rim and Glacier had to be bought, finagled, borrowed -- or taken by force -- when Indian occupants and owners resisted the call to contribute to the public welfare. The story of national parks and Indians is, depending on perspective, a costly triumph of the public interest, or a bitter betrayal of America's native people. In Indian Country, God's Country historian Philip Burnham traces the complex relationship between Native Americans and the national parks, relating how Indians were removed, relocated, or otherwise kept at arm's length from lands that became some of our nation's most hallowed ground. Burnham focuses on five parks: Glacier, the Badlands, Mesa Verde, the Grand Canyon, and Death Valley. Based on archival research and extensive personal visits and interviews, he examines the beginnings of the national park system and early years of the National Park Service, along with later Congressional initiatives to mainstream American Indians and expand and refurbish the parks. The final chapters visit the parks as they are today, presenting the thoughts and insights of superintendents and rangers, tribal officials and archaeologists, ranchers, community leaders, curators, and elders. Burnham reports on hard-won compromises that have given tribes more autonomy and greater cultural recognition in recent years, while highlighting stubborn conflicts that continue to mark relations between tribes and the parks. Indian Country, God's Country offers a compelling -- and until now untold -- story that illustrates the changing role of the national parks in American society, the deep ties of Native Americans to the land, and the complicated mix of commerce, tourism, and environmental preservation that characterize the parks system. Anyone interested in Native American culture and history, the history of the American West, the national park system, or environmental history will find it a fascinating and engaging work.

**Becoming Indian** Oct 23 2021

*Indian Justice* Apr 28 2022 In *Indian Justice*, Grant Foreman presents John Howard Payne's first-hand account of the trial of Archilla Smith, a Cherokee charged with the murder of John MacIntosh in the fall of 1839. The Cherokee Supreme Court at Tahlequah (in present-day Oklahoma) found Smith guilty and sentenced him to die. Occurring immediately after the Cherokee Removal to west of the Mississippi River, the trial involved people on both sides of the bitter factional controversies then raging in the Cherokee nation. Payne's account of this important Indian case first appeared in two installments in the *New York Journal of Commerce* in 1841. In his foreword to this new edition, Rennard Strickland places the case in historical and contemporary context, exploring the evolution of tribal court systems and Indian justice over the past century and a half.

*Palm Springs Band of Mission Indians* Jul 28 2019

*Medicine Bundle* Oct 11 2020 From the 1820s to the 1930s, Christian missionaries and federal agents launched a continent-wide assault against Indian sacred dance, song, ceremony, and healing ritual in an attempt to transform Indian peoples into American citizens. In spite of this century-long religious persecution, Native peoples continued to perform their sacred traditions and resist the foreign religions imposed on them, as well as to develop new practices that partook of both. At the same time, some whites began to explore Indian performance with interest, and even to promote Indian sacred traditions as a source of power for their own society. The varieties of Indian performance played a formative role in American culture and identity during a critical phase in the nation's development. In *Medicine Bundle*, Joshua David Bellin examines the complex issues surrounding Indian sacred performance in its manifold and intimate relationships with texts and images by both Indians and whites. From the paintings of George Catlin, the traveling showman who exploited Indian ceremonies for the entertainment of white audiences, to the autobiography of Black Elk, the Lakota holy man whose long life included stints as a dancer in Buffalo Bill's Wild West show, a supplicant in the Ghost Dance movement, and a catechist in the Catholic Church, Bellin reframes American literature, culture, and identity as products of encounter with diverse performance traditions. Like the traditional medicine bundle of sacred objects bound together for ritual purposes, Indian performance and the performance of Indianness by whites and Indians alike are joined in a powerful intercultural knot.

**Documents of United States Indian Policy** Oct 03 2022 The third edition of this landmark work adds forty new documents, which cover the significant developments in

American Indian affairs since 1988. Among the topics dealt with are tribal self-governance, government-to-government relations, religious rights, repatriation of human remains, trust management, health and education, federal recognition of tribes, presidential policies, and Alaska Natives.

*Hindoo Holiday* Jan 14 2021 In the 1920s, the young J. R. Ackerley spent several months in India as the personal secretary to the maharajah of a small Indian principality. In his journals, Ackerley recorded the Maharajah's fantastically eccentric habits and riddling conversations, and the odd shambling day-to-day life of his court. *Hindoo Holiday* is an intimate and very funny account of an exceedingly strange place, and one of the masterpieces of twentieth-century travel literature.

**Boarding School Blues** May 30 2022 An in depth look at boarding schools and their effect on the Native students.

**In Bibi's Kitchen** Jul 08 2020 JAMES BEARD AWARD WINNER • Grandmothers from eight eastern African countries welcome you into their kitchens to share flavorful recipes and stories of family, love, and tradition in this transporting cookbook-meets-travelogue. "Their food is alive with the flavors of mangoes, cinnamon, dates, and plantains and rich with the history of the continent that had been a culinary unknown for much too long."—Jessica B. Harris, food historian, journalist, and public speaker IACP AWARD FINALIST • LONGLISTED FOR THE ART OF EATING PRIZE • ONE OF THE BEST COOKBOOKS OF THE YEAR: The New Yorker, The New York Times Book Review, The Washington Post, Bon Appétit, NPR, San Francisco Chronicle, Food Network, Vogue, Delish, The Guardian, Smithsonian Magazine, Salon, Town & Country In this incredible volume, Somali chef Hawa Hassan and food writer Julia Turshen present 75 recipes and stories gathered from bibis (or grandmothers) from eight African nations: South Africa, Mozambique, Madagascar, Comoros, Tanzania, Kenya, Somalia, and Eritrea. Most notably, these eight countries are at the backbone of the spice trade, many of them exporters of things like pepper and vanilla. We meet women such as Ma Shara, who helps tourists "see the real Zanzibar" by teaching them how to make her famous Ajemi Bread with Carrots and Green Pepper; Ma Vicky, who now lives in suburban New York and makes Matoke (Stewed Plantains with Beans and Beef) to bring the flavor of Tanzania to her American home; and Ma Gehennet from Eritrea who shares her recipes for Kicha (Eritrean Flatbread) and Shiro (Ground Chickpea Stew). Through Hawa's writing—and her own personal story—the women, and the stories behind the recipes, come to life. With evocative photography shot on location by Khadija Farah, and food photography by Jennifer May, *In Bibi's Kitchen* uses food to teach us all about families, war, loss, migration, refuge, and sanctuary.

**Wisconsin Indian Literature** Jun 18 2021 Presents the oral traditions, legends, speeches, myths, histories, literature, and historically significant documents of the twelve independent bands and Indian Nations of Wisconsin. Indian Lobbying and its Influence in US Decision Making Jun 26 2019 How lobbying by Indian Americans in the United States has influenced US foreign policy towards India *Indian Lobbying and its Influence in US Decision Making* looks at the ways in which Indian lobbying acts as a catalyst in transforming the US–India relationship in the post-

Cold War era, the events that explain their formation, and factors that legitimize these groups as an institution in US politics.

The Indian Southwest, 1580-1830 Oct 30 2019 In *The Indian Southwest, 1580-1830*, Gary Clayton Anderson argues that, in the face of European conquest and severe droughts that reduced their food sources, Indians in the Southwest proved remarkably adaptable and dynamic.

*An Introduction to Indian Philosophy* Jul 20 2021 This wide-ranging introduction to classical Indian philosophy is philosophically rigorous without being too technical for beginners. Through detailed explorations of the full range of Indian philosophical concerns, including some metaphysical issues, it provides readers with non-Western perspectives on central areas of philosophy, including epistemology, logic, metaphysics, ethics, philosophy of language, and philosophy of religion. Chapters are structured thematically, with each including suggestions for further reading. This provides readers with an informed overview whilst enabling them to focus on particular topics if needed. Translated Sanskrit texts are accompanied by authorial explanations and contextualisations, giving the reader an understanding of the argumentative context and philosophical style of Indian texts. A detailed glossary and a guide to Sanskrit pronunciation equip readers with the tools needed for reading and understanding Sanskrit terms and names. The book will be an essential resource for both beginners and advanced students of philosophy and Asian studies.

**Simply Indian** Mar 16 2021 Samosas, Rotis, Tandoori Chicken, and Biryani are just a sampling of the vast cuisine that India has developed. And although many Indian dishes have unique and complex flavoring, they need not be complicated to create in your own kitchen. This new book, written by two experienced teachers of Indian cooking, simplifies ingredients and traditional techniques. Try some chai for an elegant afternoon tea or make some Masala Chicken served with a Biryani, Raita, and Naan Bread for a royal feast. *Simply Indian* also features a wide variety of meatless dishes for a complete vegetarian meal.

**Indian Sculpture** Feb 24 2022 Anyone with an understanding of art in general and a knowledge, however slight, of Indian things, will, on being shown a work of Indian sculpture, unfailingly label it Indian. Differences in age and origin, however clearly marked to the discerning eye, when pointed out to the outsider, will be apprehended only with more or less difficulty. There is something so strong, and at the same time unique, in any Indian work of art that its 'Indianness' is felt first of all, and what it is, is seen only on second thought. How this Indianness is expressed in terms of the relationship between line, surface, volume and other elements of visualisation is dealt with in this book. There are permanent qualities throughout the fabric of Indian sculpture which are discussed in detail. These essential qualities, all interrelated and inseparable, contain within their compass the life of Indian plastic art. The book surveys the structure of Indian sculpture in its relevant aspects. The underlying and essential qualities are viewed in their permanency throughout the special conditions that the single monuments imply. Their outward connections, geographical and chronological, are seen to resolve themselves into ethical problems and those of the artistic process itself. While stylistic investigations are the basis of this book, Indian sculpture is dealt with as conditioned by the Indian

craftsman. His consciousness makes him known to himself as a part of nature and his work in the form of this 'naturalism'. Its degree and aspects vary according to the levels of his consciousness.

**Women's Indian Captivity Narratives** Feb 12 2021 Enthralling generations of readers, the narrative of capture by Native Americans is arguably the first American literary form dominated by the experiences of women. The ten selections in this anthology span the early history of this country (1682-1892) and range in literary style from fact-based narrations to largely fictional, spellbinding adventure stories. The women are variously victimized, triumphant, or, in the case of Mary Jemison, permanently transculturated. This collection includes well known pieces such as Mary Rowlandson's "A True History" (1682), Cotton Mather's version of Hannah Dunstan's infamous captivity and escape (after scalping her captors!), and the "Panther Captivity", as well as lesser known texts. As Derounian-Stodola demonstrates in the introduction, the stories also raise questions about the motives of their (often male) narrators and promoters, who in many cases embellish melodrama to heighten anti-British and anti-Indian propaganda, shape the tales for ecclesiastical purposes, or romanticize them to exploit the growing popularity of sentimental fiction in order to boost sales. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**White Indian Boy** Mar 28 2022 This is a true story of a pioneer boy who crossed the plains by ox-team with his parents to a settlement south of the Great Salt Lake. Pioneer life in the 1850s was extremely difficult for the pioneers, food was scarce, work was hard, and marauding Indians keep everyone on constant alert. With the promise of great adventure and a better life 11-year-old Nick Wilson ran away from home with an Indian who had befriended him. The mother of Chief Washakie, a prominent Shoshone chief, had lost her youngest son in an avalanche. She readily adopted the white boy as her own. Nick spent the next two years with the Shoshone learning their language and culture and developing the skills of a hunter. He participated in buffalo hunts, fought off grizzly bears, witness large scale Indian wars, and even survived being shot in the head with an arrow and left to die. Later he became a trapper, was one of the original Pony Express riders, worked as an overland stagecoach driver, and served as an army scout and interpreter. He was often called to track down and negotiate peace with renegade Indians who had fled the reservation and threatened war. He found himself in danger numerous times and participated in many skirmishes with both Indians and outlaws. Growing up among the Shoshones taught him the skills he needed to survive the rough and wild west.

**Lakota Recollections of the Custer Fight** Apr 16 2021 The fifteen Sioux (and one Cheyenne) who speak in Lakota Recollections of the Custer Fight witnessed Custer's Last Stand. Their testimony sheds light on what happened at the Little Bighorn on the bloodiest of Sundays, June 25, 1876. Flying Hawk, Standing Bear, He Dog, Red Feather, Moving Robe Woman, Eagle Elk, White Bull, Hollow Horn Bear, and other Indian survivors of the Custer fight were interviewed during the early decades of the twentieth

century by men genuinely interested in the historical truth, including Judge Eli S. Ricker, General Hugh L. Scott, John G. Neihardt, and Walter S. Campbell. The interviews are collected here with introductions and notes by the editor.

**A Historical Analysis of the Creek Indian Hillabee Towns** Apr 04 2020 The story of the Hillabees has been both the Cinderella and the Rodney Dangerfield of Creek Indian history. Until now, it has been neglected and has garnered little respect. But author Don C. East changes that in this extensive historical look at the rise and fall of the Hillabee faction of the Creek Indian tribe and its existence in Clay County, Alabama. Based on research, personal experience, and supplemented with maps and illustrations, A Historical Analysis of the Creek Indian Hillabee Towns uncovers a wealth of new information on these towns, their residents, the Creeks in general, and other Indian and white characters of the period. East's working knowledge of the Creek language produces new information on the meanings of many Creek Indian names and words associated with the Hillabees. Born and raised in the area, being of Creek Indian ancestry, and spending all of his youth and young adult years there, he has a deep personal understanding of the Hillabee Creek Indians and Clay County. The Creek Hillabees may have had a history of less than 300 years, but they secured an important and prominent place in Creek and local pioneer white history during that time frame.

*Indian Heroes and Great Chieftains* Mar 04 2020 Charles A. Eastman, a Santee Sioux, was four years old at the time of the 1862 Sioux Uprising in Minnesota. Separated from his father in the aftermath of the rebellion, he spent eleven years with relatives in Canada before being reunited with him and taken to Dakota Territory. Deeply influenced by his father who had been converted to Christianity, he likewise followed "the white man's trail," attending Dartmouth and, in 1890, becoming a government physician at the Pine Ridge Agency. His fame today rests on the eleven books he wrote, in which he attempted to correct misapprehensions whites had about Indians and to bring the two races closer together. ø First published in 1918, *Indian Heroes and Great Chieftains* contains biographical vignettes of fifteen great Indian leaders, most of them Sioux and some of them, like Red Cloud and Rain-in-the-Face, friends and acquaintances of Eastman. He pays tribute to Little Wolf, the Cheyenne chief whom he knew well, and describes the noble career of Chief Joseph of the Nez Perces, who received his assistance in drawing up a document of grievances presented to the government in 1897. In finely honed prose Eastman cuts to the essence of his subjects, including Crazy Horse, Sitting Bull, Spotted Tail, Little Crow, Gall, Two Strike, American Horse, Dull Knife, Roman Nose, Hole-in-the-Day, and Tamahay (who counseled against the Sioux Uprising in Minnesota).
