Book of 2018 in Religion, Publishers Weekly Reading great literature well has the power to cultivate virtue. Great literature increases knowledge of and desire for the good life by showing readers what virtue looks like and where vice leads. It is not just what one reads but how one reads that cultivates virtue. Reading good literature well requires one to practice numerous virtues, such as patience, diligence, and prudence. And learning to judge wisely a character in a book, in turn, forms the reader's own character. Acclaimed author Karen Swallow Prior takes readers on a guided tour through works of great literature both ancient and modern, exploring twelve virtues that philosophers and theologians throughout history have identified as most essential for good character and the good life. In reintroducing ancient virtues that are as relevant and essential today as ever, Prior draws on the best classical and Christian thinkers, including Aristotle, Aquinas, and Augustine. Covering authors from Henry Fielding to Cormac McCarthy, Jane Austen to George Saunders, and Flannery O'Connor to F. Scott Fitzgerald, Prior explores some of the most compelling universal themes found in the pages of classic books, helping readers learn to love life, literature, and God through their encounters with great writing. In examining works by these authors and more, Prior shows why virtues such as prudence, temperance, humility, and patience are still necessary for human flourishing and civil society. The book includes end-of-chapter reflection questions geared toward book club discussions, features original artwork throughout, and includes a foreword from Leland Ryken.

The Pleasures of Reading in an Age of Distraction Mar 31 2020 In recent years, cultural commentators have sounded the alarm about the dire state of reading in America. Americans are not reading enough, they say, or reading the right books, in the right way. In this book, Alan Jacobs argues that, contrary to the doomsayers, reading is alive and well in America. There are millions of devoted readers supporting hundreds of enormous bookstores and online booksellers. Oprah's Book Club is hugely influential, and a recent NEA survey reveals an actual uptick in the reading of literary fiction. Jacobs's interactions with his students and the readers of his own books, however, suggest that many readers lack confidence; they wonder whether they are reading well, with proper focus and attentiveness, with due discretion and discernment. Many have absorbed the puritanical message that reading is, first and foremost, good for you--the intellectual equivalent of eating your Brussels sprouts. For such people, indeed for all readers, Jacobs offers some simple, powerful, and much needed advice: read at whim, read what gives you delight, and do so without shame, whether it be Stephen King or the King James Version of the Bible. In contrast to the more methodical approach of Mortimer Adler's classic *How to Read a Book* (1940), Jacobs offers an insightful, accessible, and playfully irreverent guide for aspiring readers. Each chapter focuses on one aspect of approaching literary fiction, poetry, or nonfiction, and the book explores everything from the invention of silent reading, reading responsively, rereading, and reading on electronic devices. Invitingly written, with equal measures of wit and erudition, *The Pleasures of Reading in an Age of Distraction* will appeal to all readers, whether they be novices looking for direction or old hands seeking to recapture the pleasures of reading they first experienced as children.

The Year of Reading Dangerously Nov 27 2019 An editor and writer's vivaciously entertaining, and often moving, chronicle of his year-long adventure with fifty great books (and two not-so-great ones)—a true story about reading that reminds us why we should all make time in our lives for books. Nearing his fortieth birthday, author and critic Andy Miller realized he's not nearly as well read as he'd like to be. A devout book lover who somehow fell out of the habit of reading, he began to ponder the power of books to change an individual life—including his own—and to define the sort of person he would like to be. Beginning with a copy of Bulgakov's *Master and Margarita* that he happens to find one day in a bookstore, he embarks on a literary odyssey of mindful reading and wry introspection. From *Middlemarch* to *Anna Karenina* to *A Confederacy of Dunces*, these are books Miller felt he should read; books he'd always wanted to read; books he'd previously started but hadn't finished; and books he'd lied about having read to impress people. Combining memoir and literary criticism, *The Year of Reading Dangerously* is Miller's heartfelt, humorous, and honest examination of what it means to be a reader. Passionately believing that books deserve to be read, enjoyed, and debated in the real world, Miller documents his reading experiences and how they resonated in his daily life and ultimately his very sense of self. The result is a witty and insightful journey of discovery and soul-searching that celebrates the abiding miracle of the book and the power of reading.

The Hero's Way Jun 22 2019 'Elegantly written, full of wit and charm, this is travel writing at its very best' Orlando Figes In the summer of 1849, Giuseppe Garibaldi, Italy's legendary revolutionary hero, fled Rome and led 4,000 of his men hundreds of miles through Umbria and Tuscany, then across the Apennines, Italy's mountainous spine, toward the refuge of the Venetian Republic. After thirty-two exhausting days of skirmishes and adventures, only 250 survivors reached the Adriatic coast. This hair-raising journey is brought vividly to life by bestselling author Tim Parks, who in the blazing summer of 2019, followed in Garibaldi's footsteps. A fascinating portrait of Italy past and present, *The Hero's Way* is a celebration of determination, creativity and desperate courage.

Home Reading Service Aug 29 2022 In this poignant novel, a man guilty of a minor offense finds purpose unexpectedly by way of his punishment—reading to others. After an accident—or “the misfortune,” as his cancer-ridden father’s caretaker, Celeste, calls it—Eduardo is sentenced to a year of community service reading to the elderly and disabled. Stripped of his driver’s license and feeling impotent as he nears thirty-five, he leads a dull, lonely life, chatting occasionally with the waitresses of a local restaurant or walking the streets of Cuernavaca. Once a quiet town known for its lush gardens and swimming pools, the “City of Eternal Spring” is now plagued by robberies, kidnappings, and the other myriad forms of violence bred by drug trafficking. At first, Eduardo seems unable to connect. He movingly reads the words of Dostoyevsky, Henry James, Daphne du Maurier, and more, but doesn’t truly understand them. His eccentric listeners—including two brothers, one mute, who moves his lips while the other acts as ventriloquist; deaf parents raising children they don’t know are hearing; and a beautiful, wheelchair-bound mezzo soprano—sense his detachment. Then Eduardo comes across a poem his father had copied by the Mexican poet Isabel Fraire, and it affects him as no literature has before. Through these fascinating characters, like the practical, quick-witted Celeste, who intuitively grasps poetry even though she never learned to read, Fabio Morábito shows how art can help us rediscover meaning in a corrupt, unequal society.

A Synthesizing Mind Oct 07 2020 An authority on the human mind reflects on his intellectual development, his groundbreaking work, and different types of intelligences—including his own. Howard Gardner's *Frames of Mind* was that rare publishing phenomenon—a mind-changer. Widely read by the general public as well as by educators, this influential book laid out Gardner's theory of multiple intelligences. It debunked the primacy of the IQ test and inspired new approaches to education; entire curricula, schools, museums, and parents' guides were dedicated to the nurturing of the several

intelligences. In his new book, *A Synthesizing Mind*, Gardner reflects on his intellectual development and his groundbreaking work, tracing his evolution from bookish child to eager college student to disengaged graduate student to Harvard professor.

Reading Like a Writer Dec 09 2020 DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart – to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

Reading the Comments Jan 10 2021 What we can learn about human nature from the informative, manipulative, confusing, and amusing messages at the bottom of the web. Online comment can be informative or misleading, entertaining or maddening. Haters and manipulators often seem to monopolize the conversation. Some comments are off-topic, or even topic-less. In this book, Joseph Reagle urges us to read the comments. Conversations "on the bottom half of the Internet," he argues, can tell us much about human nature and social behavior. Reagle visits communities of Amazon reviewers, fan fiction

authors, online learners, scammers, freethinkers, and mean kids. He shows how comment can inform us (through reviews), improve us (through feedback), manipulate us (through fakery), alienate us (through hate), shape us (through social comparison), and perplex us. He finds pre-Internet historical antecedents of online comment in Michelin stars, professional criticism, and the wisdom of crowds. He discusses the techniques of online fakery (distinguishing makers, fakers, and takers), describes the emotional work of receiving and giving feedback, and examines the culture of trolls and haters, bullying, and misogyny. He considers the way comment—a nonstop stream of social quantification and ranking—affects our self-esteem and well-being. And he examines how comment is puzzling—short and asynchronous, these messages can be slap-dash, confusing, amusing, revealing, and weird, shedding context in their passage through the Internet, prompting readers to comment in turn, “WTF?!?”

How to Talk About Books You Haven't Read Feb 20 2022 In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of “non-reading”—from books that you've never heard of to books that you've read and forgotten—and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*—which became a favorite of readers everywhere in the hardcover edition—is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

Why I Read Aug 17 2021 “Wendy Lesser's extraordinary alertness, intelligence, and curiosity have made her one of America's most significant cultural critics,” writes Stephen Greenblatt. In *Why I Read*, Lesser draws on a lifetime of pleasure reading and decades of editing one of the most distinguished literary magazines in the country, *The Threepenny Review*, to describe her love of literature. As Lesser writes in her prologue, “Reading can result in boredom or transcendence, rage or enthusiasm, depression or hilarity, empathy or contempt, depending on who you are and what the book is and how your life is shaping up at the moment you encounter it.” Here the reader will discover a definition of literature that is as broad as it is broad-minded. In addition to novels and stories, Lesser explores plays, poems, and essays along with mysteries, science fiction, and memoirs. As she examines these works from such perspectives as “Character and Plot,” “Novelty,” “Grandeur and Intimacy,” and “Authority,” *Why I Read* sparks an overwhelming desire to put aside quotidian tasks in favor of reading. Lesser's passion for this

pursuit resonates on every page, whether she is discussing the book as a physical object or a particular work's influence. "Reading literature is a way of reaching back to something bigger and older and different," she writes. "It can give you the feeling that you belong to the past as well as the present, and it can help you realize that your present will someday be someone else's past. This may be disheartening, but it can also be strangely consoling at times." A book in the spirit of E. M. Forster's Aspects of the Novel and Elizabeth Hardwick's A View of My Own, Why I Read is iconoclastic, conversational, and full of insight. It will delight those who are already avid readers as well as neophytes in search of sheer literary fun.

Read Until You Understand: The Profound Wisdom of Black Life and Literature Jun 02 2020 A PBS NewsHour Best Book of the Year A Publishers Weekly Best Book of the Year in Nonfiction A brilliant scholar imparts the lessons bequeathed by the Black community and its remarkable artists and thinkers. Farah Jasmine Griffin has taken to her heart the phrase "read until you understand," a line her father,

who died when she was nine, wrote in a note to her. She has made it central to this book about love of the majestic power of words and love of the magnificence of Black life. Griffin has spent years rooted in the culture of Black genius and the legacy of books that her father left her. A beloved professor, she has devoted herself to passing these works and their wisdom on to generations of students. Here, she shares a lifetime of discoveries: the ideas that inspired the stunning oratory of Frederick Douglass and Malcolm X, the soulful music of Marvin Gaye and Stevie Wonder, the daring literature of Phillis Wheatley and Toni Morrison, the inventive artistry of Romare Bearden, and many more. Exploring these works through such themes as justice, rage, self-determination, beauty, joy, and mercy allows her to move from her aunt's love of yellow roses to Gil Scott-Heron's "Winter in America." Griffin entwines memoir, history, and art while she keeps her finger on the pulse of the present, asking us to grapple with the continuing struggle for Black freedom and the ongoing project that is American democracy. She challenges us to reckon with our commitment to all the nation's inhabitants and our responsibilities to all humanity.

What to Read and Why Jul 24 2019 In this brilliant collection, the follow-up to her New York Times bestseller *Reading Like a Writer*, the distinguished novelist, literary critic, and essayist celebrates the pleasures of reading and pays homage to the works and writers she admires above all others, from Jane Austen and Charles Dickens to Jennifer Egan and Roberto Bolaño. In an age defined by hyper-connectivity and constant stimulation, Francine Prose makes a compelling case for the solitary act of reading and the great enjoyment it brings. Inspiring and illuminating, *What to Read and Why* includes selections culled from Prose's previous essays, reviews, and introductions, combined with new, never-before-published pieces that focus on her favorite works of fiction and nonfiction, on works by masters of the short story, and even on books by photographers like Diane Arbus. Prose considers why the works of literary masters such

as Mary Shelley, Charles Dickens, George Eliot, and Jane Austen have endured, and shares intriguing insights about modern authors whose words stimulate our minds and enlarge our lives, including Roberto Bolaño, Karl Ove Knausgaard, Jennifer Egan, and Mohsin Hamid. Prose implores us to read Mavis Gallant for her marvelously rich and compact sentences, and her meticulously rendered characters who reveal our flawed and complex human nature; Edward St. Aubyn for his elegance and sophisticated humor; and Mark Strand for his gift for depicting unlikely transformations. Here, too, are original pieces in which Prose explores the craft of writing: "On Clarity" and "What Makes a Short Story." Written with her sharp critical analysis, wit, and enthusiasm, *What to Read and Why* is a celebration of literature that will give readers a new appreciation for the power and beauty of the written word.

Reader, Come Home May 26 2022 The author of the acclaimed *Proust and the Squid* follows up with a lively, ambitious, and deeply informative book that considers the future of the reading brain and our capacity for critical thinking, empathy, and reflection as we become increasingly dependent on digital technologies. A decade ago, Maryanne Wolf's *Proust and the Squid* revealed what we know about how the brain learns to read and how reading changes the way we think and feel. Since then, the ways we process written language have changed dramatically with many concerned about both their own changes and that of children. New research on the reading brain chronicles these changes in the brains of children and adults as they learn to read while immersed in a digitally dominated medium. Drawing deeply on this research, this book comprises a series of letters Wolf writes to us—her beloved readers—to describe her concerns and her hopes about

what is happening to the reading brain as it unavoidably changes to adapt to digital mediums. Wolf raises difficult questions, including: Will children learn to incorporate the full range of "deep reading" processes that are at the core of the expert reading brain? Will the mix of a seemingly infinite set of distractions for children's attention and their quick access to immediate, voluminous information alter their ability to think for themselves? With information at their fingertips, will the next generation learn to build their own storehouse of knowledge, which could impede the ability to make analogies and draw inferences from what they know? Will all these influences change the formation in children and the use in adults of "slower" cognitive processes like critical thinking, personal reflection, imagination, and empathy that comprise deep reading and that influence both how we think and how we live our lives? How can we preserve deep reading processes in future iterations of the reading brain? Concerns about attention span, critical reasoning, and over-reliance on technology are never just about children—Wolf herself has found that, though she is a reading expert, her ability to read deeply has been impacted as she has become increasingly dependent on screens. Wolf draws on neuroscience, literature, education, and philosophy and blends historical, literary, and scientific facts with down-to-earth examples and warm anecdotes to illuminate complex ideas that culminate in a proposal for a biliterate reading brain. Provocative and intriguing, *Reader, Come Home* is a roadmap that provides a cautionary but hopeful perspective on the impact of technology on our brains and our most essential intellectual capacities—and what this could mean for our future.

The Lost Art of Reading Mar 24 2022 Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In *The Lost Art of Reading*, David L. Ulin asks a number of timely questions - why is literature important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, and it's seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the accompanying focus required to let the mind run free in a world that is not one's own. Are we willing to risk our collective interest in contemplation, nuanced thinking, and empathy? Far from preaching to the choir, *The Lost Art of Reading* is a call to arms, or rather, to pages.

The Next Step Forward in Guided Reading Jul 04 2020 Jan Richardson's highly anticipated update to the classic bestseller *The Next Step in Guided Reading* helps you and your students move forward."

Where I'm Reading From Nov 19 2021 Why do we need fiction? Why do books need to be printed on paper, copyrighted, read to the finish? Do we read to challenge our vision of the world or to confirm it? Has novel writing turned into a job like any other? In *Where I'm Reading From*, the novelist and critic Tim Parks ranges over decades of critical reading—from Leopardi, Dickens, and Chekhov, to Virginia Woolf, D. H. Lawrence, and Thomas Bernhard, and on to contemporary work by Peter Stamm, Alice Munro, and many others—to upend our assumptions about literature and its purpose. In thirty-seven interlocking essays, *Where I'm Reading From* examines the rise of the “international” novel and the disappearance of “national” literary styles; how market forces shape “serious” fiction; the unintended effects of translation; the growing stasis of literary criticism; and the problematic relationship between writers’ lives and their work. Through dazzling close readings and probing self-examination, Parks wonders whether writers—and readers—can escape the twin pressures of the new global system and the novel that has become its emblematic genre.

What would this reading trajectory say about you? With passion, humor, and insight, the editor of The New York Times Book Review shares the stories that have shaped her life. Pamela Paul has kept a single book by her side for twenty-eight years – carried throughout high school and college, hauled from Paris to London to Thailand, from job to job, safely packed away and then carefully removed from apartment to house to its current perch on a shelf over her desk – reliable if frayed, anonymous-looking yet deeply personal. This book has a name: Bob. Bob is Paul's Book of Books, a journal that records every book she's ever read, from Sweet Valley High to Anna Karenina, from Catch-22 to Swimming to Cambodia, a journey in reading that reflects her inner life – her fantasies and hopes, her mistakes and missteps, her dreams and her ideas, both half-baked and wholehearted. Her life, in turn, influences the books she chooses, whether for solace or escape, information or sheer entertainment. But My Life with Bob isn't really about those books. It's about the deep and powerful relationship between book and reader. It's about the way books provide each of us the perspective, courage, companionship, and imperfect self-knowledge to forge our own path. It's about why we read what we read and how those choices make us who we are. It's about how we make our own stories.

The Reading List Apr 24 2022 A BEST OF SUMMER READ ACCORDING TO NEWSWEEK, PARADE MAGAZINE, NBC NEWS, LITHUB, AND POPSUGAR! "The most heartfelt read of the summer...a surprising delight of a novel."--Shondaland An unforgettable and heartwarming debut about how a chance encounter with a list of library books helps forge an unlikely friendship between two very different people in a London suburb. Widower Mukesh lives a quiet life in Wembley, in West London after losing his beloved wife. He shops every Wednesday, goes to Temple, and worries about his granddaughter, Priya, who hides in her room reading while he spends his evenings watching nature documentaries. Aleisha is a bright but anxious teenager working at the local library for the summer when she discovers a crumpled-up piece of paper in the back of To Kill a Mockingbird. It's a list of novels that she's never heard of before. Intrigued, and a little bored with her slow job at the checkout desk, she impulsively decides to read every book on the list, one after the other. As each story gives up its magic, the books transport Aleisha from the painful realities she's facing at home. When Mukesh arrives at the library, desperate to forge a connection with his bookworm granddaughter, Aleisha passes along the reading list...hoping that it will be a lifeline for him too. Slowly, the shared books create a connection between two lonely souls, as fiction helps them escape their grief and everyday troubles and find joy again.
